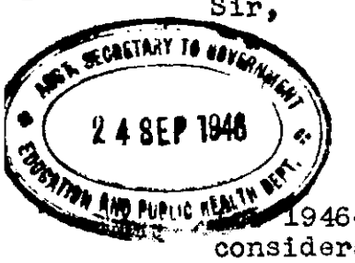
Rc.No.4911 K3/46 dated 23-9-1946.

Sir,



Schools - Government Model School attached to the Government Training School for Masters, Bellary - Opening of Higher Elementary standards - sanction requested.

In connection with Part II of the Budget Estimate 1946-47, I have the honour to submit for the favourable consideration of Government the following proposal for opening ~~xfxhigher~~Elementary standards~~in~~ in the Government Training School, for Masters, Bellary.

The Training School has two Departments, secondary and Higher Elementary Training and the model section attached to it has only standards I to V. The latest strength of the Model School is as follows:

C !

Class V	..	26
,, IV	..	12
,,III	..	15
,, II	..	11
,, I	..	17
Total.		81

The Government Training School for Masters, Bellary is located in the I Ward of the Municipality . ~~xxxxx~~ There are no Higher Elementary or secondary Schools in the ~~xxxxxx~~ vicinity of this ward and it is reported that there is need for higher Elementary Education in the locality. The pupils who pass out of the Government Model School and a few outsiders will join Standard VI ~~xf~~ opened in 1947-48. Further the District Educational Officer reports that it has become a problem to secure seats in Secondary Schools on accoun of great ~~xxxxxxxxx xxxxxx~~ rush of admissions from Form I upwards and the opening of higher elementary standards in the Governmen model School will provide facilities for higher Elementary Education for such pupils who fail to secure admission in the Secondary schools and to many poor pupils who cannot afford to pay fees in secondary schools. Apart from this the opening of higher Elementary standards in the model school will provide the pupil-teachers under secondary training the much needed scope for Practice teaching. At present the pupil-teachers of the secondary grade are reported to be going to the Municipal High School, Bellary about 4 furlongs from the Training School for practice teaching. Much time is wasted in going to and from for the purpose.

p.t.o.

The Headmaster reports that there is accommodation in the school for the new standard. Ultimately a block of 3 rooms will have to be constructed for the Higher Elementary classes, and the necessary estimates of cost therefor will be obtained and submitted urgently.

I therefore recommended that Government may be pleased to sanction the opening of Standard VI in 1947-48 and standards VII and VIII in subsequent years in the Model School attached to the Government Training School for Masters, Bellary.

The financial effect of the proposal is sanctioned below.

Sir,

Sub: Schools Government Model school - attached to the Government Training School for Masters, Bellary - openin of higher Elementary Standards with effect from 1947-48 additional accommodation - construction - Estimate of amount furnished.

....

In continuation of my letter Rc. No.4911K3/46, dated 23-9-46 I have the honour to state that the District Educational Officer, Bellary reports that the estimate, as ascertained from Sub-Divisiona Officer, Bellary for the construction of 3 rooms (each to accommodat 30 pupils) and a verandah in the Government Secondary Training Scho for Masters, Bellary for accommodating the higher Elementary classe comes to Rs.16000/-. I therefore request that Government may be pleased to make necessary provision for the amount in the B.E., for 1947-48 for the construction of additional block in the Government Training School for the Masters Bellary.

The Government Training School for Masters, Bellary, at present Secondary and Higher Elementary Training Departments. The model section attached to it has only standards I to V. The pupil teachers of the Secondary grade training sections are obliged to go to the Municipal High School, Bellary which is four furlongs away for practice teaching, as there is no higher elementary or secondary school in the vicinity of the Training School. Further the problem of securing admission to forms I and onwards has become increasingly difficult on account of the great rush for admissions, and the pupils who fail to get admission in secondary schools can join standard VI and continue their education into the higher standard. The D.P.I., therefore, recommends the opening of standard VI in 1947-8 and standards VII and VIII in subsequent years in the model section attached to the Government Training School for Masters, Bellary. The proposal involves the ultimate employment of three secondary grade teachers and the extra cost will be Rs. 2168 per annum recurring and Rs. 500 non-recurring.

This Department accepts the proposal of the Director and recommends that provision may be made in the budget

for 1947-8 as indicated in the summary at the top.

The proposal has been approved by H.M.(Edn) and H.P.M.

Standards — Part II Scheme.

In the circumstances sta
by the D.P.I. in the C.F., the proposal
for the opening of Higher Ele. Standar
in the Model School attached to the Go
Trg. School for Masters, Bellary may b
accepted. ~~The case may be sent to~~

The Director has stated that the openi
of higher elementary Standards in the
model school will provide the pupil teache
under secondary grade training the much
needed scope for practice teaching. Trainin
of teachers is one of the schemes in the Fiv
year plan and the proposal may therefor
be considered to satisfy the criteria laid
down at A in the Finance note at Q.

Rs.900 non recurring exclusive of the cost of additional sheds to be erected later on. For the present the school can accomadate Class VI, if it is opened and the construction of additional block is not therefore considered necessary in 1947-48.

2. The need for the opening of higher standards in the school has been explained by the Director of Public Instructions in the C.F. There are at present only 26 pupils in class V and the strength in the lower classes is ~~very~~ also meagre. The Director of Public Instructions states that those that are promoted from Class V and certain others, will join Class VI. But it seems doubtful whether having regard to the existing state of affairs, there will be adequate strength in the higher classes. E & P.H. state that the creteria in U.O. Note No. 54303 BG-1 dated 9th October 1946 are satisfied because the training of the teachers is included in the Five Year Plan and the opening of the higher standards in the school gives the much needed scope for practice - teaching for pupil - teachers in Secondary Grade Training. But the pupil teachers of the Secondary Grade are now getting their practice teaching in the near by Municipal High school about four furlongs off. The distance of four furlongs cannot be considered as material in the muffasal.

Grand amount

School ~~Grant~~ to Rs. 16,000 and the
necessary provision for this amount
may be made in the B. E. for 1947-48.
It may be noted in this connection
that there is accommodation in the School
Standard VI to be opened in 1947-48
and the question of accommodating the
Stds. VII and VIII will arise only in 1948-49
~~only~~ The Director may perhaps be
asked to bring forward the proposal for
the construction of the above rooms in due course.
